

Access codes / access instructions

The day before arrival, we'll provide you with the lockbox access key code. This will allow you to get the keys from the lockbox and to check yourself into the property. Keep an eye out for the lockbox access code in your email inbox one day before arrival.

Please ensure you have the lockbox access code before you travel. If you haven't received it before you travel, please make sure you fill the [Online Check-in](#) and complete the refundable [Security Deposit](#) (where applicable) as these are prerequisites for sending the access code. There's nothing worse than arriving somewhere new (potentially at night) and not being able to get in! We want to make your check-in as easy as possible.

Please follow the below instructions on how to use the lockbox.

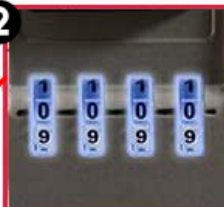

1

Open the black lid in the front of the lockbox to reveal the numbers.

2

Enter the access code we have emailed to you. Make sure the numbers are on the same line.

3

Press the button downwards to open the lockbox. Lockbox opens downwards.

4

Collect the keys and close the lockbox.

5

Mix the numbers.

6

Close the black lid.
